

ACMT-Rete
per la malattia di
Charcot-Marie-Tooth
Italy

IMPROVING CHARCOT-MARIE-TOOTH PATIENTS' QUALITY OF LIFE

Our Projects

Raising awareness about
Charcot-Marie-Tooth

Supporting & advising CMT
patients

Building a network of
professionals

Advocating for rights for
disabled people

Funding CMT research
projects

Training healthcare personnel
to treat patients properly

On our website www.acmt-rete.it, you will find useful and updated information on CMT as well as a space dedicated to consulting with leading Italian medical specialists who treat our pathology. Through the association, you can meet new friends with whom to share problems and solutions.

INFO

acmt-rete@acmt-rete.it

ACMT-Rete

- Promotes information and training projects to increase skills and knowledge related to treating CMT and similar syndromes.
- Fosters the creation of centers and specialists for diagnosis and treatment working in close collaboration.
- Develops meetings and discussions among people with Charcot-Marie-Tooth disease and their families through means of communication, moments of socialization, and information.
- Is an information and promotion point on laws favoring disabled people, working in collaboration with other associative realities.
- Supports and promotes scientific projects and studies on CMT.
